New Membership Application Form

NEW ZEALAND MOTOR CARAVAN ASSOCIATION INC.

VISION

Ensuring safe and enjoyable motorhoming and caravanning opportunities for members, providing the **information** they need to experience all our country has to offer with **friends and family**, while respecting New Zealand's natural **environment**

ADVOCACY

Originally formed to advocate for appropriate charges or a special class for Motor Caravans, the NZMCA's advocacies has grown to include a much wider range of issues including **Freedom Camping, Certified Self Containment (CSC), RUC** and many more which require us to advocate at Central Government and Local Government levels.

COMMUNICATION

What makes communication more relevant today are the rapidly changing mediums we can use to communicate with members; and the expectation of members as to how quickly and easily they can receive information. Ensuring we meet members' needs in this area is already being addressed and offers some exciting future opportunities.

SOCIAL

The Association has created many avenues for members to meet other members and to enjoy shared experiences - **Rallies, Events, Safaris, NZMCA Parks, POPs, DOC passes, Freedom Camping and more**. Acknowledging that members still want to socialise with like-minded people (but may have changing requirements about how they do this) is important for our future.

ENVIRONMENTAL

The Association led the charge for **Certified Self Containment** (we helped fund the initial Standard) which has proven to be absolutely visionary in light of the issues and image freedom camping has attracted over the past few years. The implementation of the **Dump Station program** has also contributed to the view of the membership and the Association as good citizen with a genuine concern for protecting the environment.
